**KOBELCO Construction Machinery USA Appoints  
Alma Tractor and Equipment, Inc. as Dealer in Arkansas and Oklahoma**

Houston, TX – KOBELCO Construction Machinery USA continues its forward momentum in the relaunch of its excavator line by expanding their dealership representation to include Alma Tractor and Equipment. Alma Tractor and Equipment will represent KOBELCO’s full line of excavators in western Arkansas and eastern Oklahoma.

“KOBELCO has a long history of manufacturing quality excavators at a competitive price,” states Jim Barker, President of Alma Tractor and Equipment, Inc. “Combined with their exceptional reputation of offering reliable and efficient machines, representing the KOBELCO line has been a win-win for us and our customers.”

KOBELCO has long been recognized for its world class line of excavators in the 3,000 lb. to 180,000 lb. classes. By focusing on a single line of equipment and dedicating its research and development dollars to improving and enhancing this singular line, the company has become known as excavator perfectionists, ensuring they deliver excavators that can withstand the day-to-day rigors of demanding jobsites, while providing operators with all the production and comfort features required for a profitable days work.

The staff of Alma Tractor and Equipment will be working closely with KOBELCO to gain the required sales and product support training to deliver on KOBELCO’s promise of customer satisfaction.

Alma Tractor and Equipment will provide professional sales and service support on all KOBELCO excavators from their Alma, AR location.

KOBELCO Construction Machinery USA is dedicated to producing a full range of crawler excavators for the rental, landscape, construction, aggregate, roadbuilding, material handling, site preparation, recycling and ancillary markets, including zero tail swing, standard, long-reach and compact models. KOBELCO machines are well-known for their advanced technologies including an innovative noise and dust reduction system, advanced hydraulic circuitry for reduction of pressure loss and superior fuel efficiency.
