For Immediate Release

**KOBELCO Construction Machinery USA Appoints
Bane Machinery as Dealer in Texas**

Houston, TX – KOBELCO Construction Machinery USA continues its forward momentum in the relaunch of its excavator line by expanding their dealership representation to include Bane Machinery. Bane Machinery will represent KOBELCO’s full line of excavators in Northern and Eastern Texas.

“We’ve been a proud KOBELCO dealer since 1989 and are elated to once again represent KOBELCO as an independent brand,” states Scott Bane, President of Bane Machinery. “KOBELCO’s seasoned personnel are sure to benefit the company, its dealers and most importantly, the end-users, and we look forward to working with their team directly.”

KOBELCO has long been recognized for its world class line of excavators in the 3,000 lb. to 180,000 lb. classes. By focusing on a single line of equipment and dedicating its research and development dollars to improving and enhancing this singular line, the company has become known as excavator perfectionists, ensuring they deliver excavators that can withstand the day-to-day rigors of demanding jobsites, while providing operators with all the production and comfort features required for a profitable days work.

The staff of Bane Machinery will be working closely with KOBELCO to gain the required sales and product support training to deliver on KOBELCO’s promise of customer satisfaction. Bane Machinery will provide professional sales and service support on all KOBELCO excavators from their Dallas, Fort Worth and Tyler, TX locations.

KOBELCO Construction Machinery USA is dedicated to producing a full range of crawler excavators for the rental, landscape, construction, aggregate, roadbuilding, material handling, site preparation, recycling and ancillary markets, including zero tail swing, standard, long-reach and compact models. KOBELCO machines are well-known for their advanced technologies including an innovative noise and dust reduction system, advanced hydraulic circuitry for reduction of pressure loss and superior fuel efficiency.
