**KOBELCO Construction Machinery USA Designates
Berthod Motors as Dealer in Colorado**

Houston, TX – KOBELCO Construction Machinery USA continues its forward momentum in the relaunch of its excavator line by expanding their dealership representation to include Berthod Motors, Inc. Berthod Motors will represent KOBELCO’s full line of excavators in the Rocky Mountain region of Colorado.

“At Berthod Motors, we have been serving our customers for over 65 years and have been a KOBELCO dealer for over 20 years,” states Craig Pearce, General Manager-Equipment Division of Berthod Motors, Inc. “We are proud to sell and service the industry-leading KOBELCO products and look forward to offering the equipment to our customers for many years to come.”

KOBELCO has long been recognized for its world class line of excavators in the 3,000 lb. to 180,000 lb. classes. By focusing on a single line of equipment and dedicating its research and development dollars to improving and enhancing this singular line, the company has become known as excavator perfectionists, ensuring they deliver excavators that can withstand the day-to-day rigors of demanding jobsites, while providing operators with all the production and comfort features required for a profitable days work.

The staff of Berthod Motors will be working closely with KOBELCO to gain the required sales and product support training to deliver on KOBELCO’s promise of customer satisfaction. Berthod Motors will

provide professional sales and service support on all KOBELCO excavators from their Glenwood Springs, CO location.

KOBELCO Construction Machinery USA is dedicated to producing a full range of crawler excavators for the rental, landscape, construction, aggregate, roadbuilding, material handling, site preparation, recycling and ancillary markets, including zero tail swing, standard, long-reach and compact models. KOBELCO machines are well-known for their advanced technologies including an innovative noise and dust reduction system, advanced hydraulic circuitry for reduction of pressure loss and superior fuel efficiency.
