**KOBELCO Construction Machinery USA Names
Illinois Truck & Equipment as Dealer in Illinois**

Houston, TX – KOBELCO Construction Machinery USA continues its forward momentum in the relaunch of its excavator line by expanding their dealership representation to include Illinois Truck & Equipment. Illinois Truck & Equipment will represent KOBELCO’s full line of excavators in Illinois.

“KOBELCO’s highly acclaimed excavators are built for quality and performance and feature many state-of-the-art technologies,” states Rolf Helland, President of Illinois Truck & Equipment. “They are a welcomed addition to our dealership and align well with our mission to offer high-end products and services to our customers.”

KOBELCO has long been known for its world class line of excavators in the 3,000 lb. to 180,000 lb. classes. By focusing on a single line of equipment and dedicating its research and development dollars to improving and enhancing this singular line, the company has become known as excavator perfectionists, ensuring they deliver excavators that can withstand the day-to-day rigors of demanding jobsites, while providing operators with all the production and comfort features required for a profitable days work.

The staff of Illinois Truck & Equipment will be working closely with KOBELCO to gain the required sales and product support training to deliver on KOBELCO’s promise of customer satisfaction. Illinois Truck & Equipment will provide professional sales, service and parts support on all KOBELCO excavators from their Morris, IL location.

KOBELCO Construction Machinery USA is dedicated to producing a full range of crawler excavators for the rental, landscape, construction, aggregate, roadbuilding, material handling, site preparation, recycling and ancillary markets, including zero tail swing, standard, long-reach and compact models. KOBELCO machines are well-known for their advanced technologies including an innovative noise and dust reduction system, advanced hydraulic circuitry for reduction of pressure loss and superior fuel efficiency.
