KOBELCO Construction Machinery USA Continues Partnership with Moody's Equipment

Houston, TX – KOBELCO Construction Machinery USA maintains its forward momentum in the relaunch of its excavator line by continuing their relationship with Moody's Equipment. Moody's Equipment represents KOBELCO's full line of excavators in Saskatchewan and Alberta.

"We've been a proud KOBELCO dealer over the years for many reasons but first and foremost because KOBELCO products are second to none. The excavators are fast, smooth, comfortable, reliable, fuel efficient and competitively priced," states Aaron Gross, Corporate Sales Manager of Moody's Equipment. "On top of that, the factory support we receive is outstanding. Everyone at KOBELCO is an expert in their field and their quick response time is essential in keeping our customers up and running faster and longer."

KOBELCO has long been known for its world class line of excavators in the 3,000 lb. to 180,000 lb. classes. By focusing on a single line of equipment and dedicating its research and development dollars to improving and enhancing this singular line, the company has become known as excavator perfectionists, ensuring they deliver excavators that can withstand the day-to-day rigors of demanding jobsites, while providing operators with all the production and comfort features required for a profitable days work.

The staff of Moody's Equipment will be working closely with KOBELCO to gain the required sales and product support training to deliver on KOBELCO's promise of customer satisfaction. Moody's

Equipment will provide professional sales, service and parts support on all KOBELCO excavators from their Kindersley, Lloydminster, Perdue, Saskatoon and Unity, SK and Acheson, Calgary, High River and Olds, AB locations.

KOBELCO Construction Machinery USA is dedicated to producing a full range of crawler excavators for the rental, landscape, construction, aggregate, roadbuilding, material handling, site preparation, recycling and ancillary markets, including zero tail swing, standard, long-reach and compact models. KOBELCO machines are well-known for their advanced technologies including an innovative noise and dust reduction system, advanced hydraulic circuitry for reduction of pressure loss and superior fuel efficiency.
