**KOBELCO Construction Machinery USA Appoints
Newtec Truck & Equipment as Dealer in Washington and Idaho**

Houston, TX – KOBELCO Construction Machinery USA continues its forward momentum in the relaunch of its excavator line by expanding their dealership representation to include Newtec Truck & Equipment. Newtec Truck & Equipment will represent KOBELCO’s full line of excavators in eastern Washington and northern Idaho.

“KOBELCO excavators have always carried a reputation of top quality and performance at a competitive price,” states Dan Leighton, Owner of Newtec Truck & Equipment. “We are excited to offer the KOBELCO line to our customers and we are confident they will see the value in KOBELCO machines as we do.”

KOBELCO has long been recognized for its world class line of excavators in the 3,000 lb. to 180,000 lb. classes. By focusing on a single line of equipment and dedicating its research and development dollars to improving and enhancing this singular line, the company has become known as excavator perfectionists, ensuring they deliver excavators that can withstand the day-to-day rigors of demanding jobsites, while providing operators with all the production and comfort features required for a profitable days work.

The staff of Newtec Truck & Equipment will be working closely with KOBELCO to gain the required sales and product support training to deliver on KOBELCO’s promise of customer satisfaction.

Newtec Truck & Equipment will provide professional sales and service support on all KOBELCO excavators from their Kettle Falls, WA location.

KOBELCO Construction Machinery USA is dedicated to producing a full range of crawler excavators for the rental, landscape, construction, aggregate, roadbuilding, material handling, site preparation, recycling and ancillary markets, including zero tail swing, standard, long-reach and compact models. KOBELCO machines are well-known for their advanced technologies including an innovative noise and dust reduction system, advanced hydraulic circuitry for reduction of pressure loss and superior fuel efficiency.
