**KOBELCO Construction Machinery USA Designates
Ronson Equipment Co. as Dealer in Indiana and Illinois**

Houston, TX – KOBELCO Construction Machinery USA continues its forward momentum in the relaunch of its excavator line by expanding their dealership representation to include Ronson Equipment Co. of Lowell and Westville, Indiana. Ronson Equipment Co. will represent KOBELCO’s full line of excavators in Northwest Indiana and adjoining Illinois counties.

“KOBELCO has a deep commitment to providing quality machines with unsurpassed performance,” states Ron Wietbrock, Co-Owner of Ronson Equipment Co. “Combined with outstanding service and support, our customers receive a tremendous value with their investment in KOBELCO excavators.”

KOBELCO has long been known for its world class line of excavators in the 3,000 lb. to 180,000 lb. classes. By focusing on a single line of equipment and dedicating its research and development dollars to improving and enhancing this singular line, the company has become known as excavator perfectionists, ensuring they deliver excavators that can withstand the day-to-day rigors of demanding jobsites, while providing operators with all the production and comfort features required for a profitable days work.

The staff of Ronson Equipment Co. will be working closely with KOBELCO to gain the required sales and product support training to deliver on KOBELCO’s promise of customer satisfaction. Ronson

Equipment Co. will provide professional sales and service support on all KOBELCO excavators from their Lowell and Westville, IN locations.

KOBELCO Construction Machinery USA is dedicated to producing a full range of crawler excavators for the rental, landscape, construction, aggregate, roadbuilding, material handling, site preparation, recycling and ancillary markets, including zero tail swing, standard, long-reach and compact models. KOBELCO machines are well-known for their advanced technologies including an innovative noise and dust reduction system, advanced hydraulic circuitry for reduction of pressure loss and superior fuel efficiency.
