**KOBELCO Construction Machinery USA Appoints
Scott Equipment as Dealer in California**

Houston, TX – KOBELCO Construction Machinery USA continues its forward momentum in the relaunch of its excavator line by expanding their dealership representation to include Scott Equipment. Scott Equipment will represent KOBELCO’s full line of excavators in southern California.

“We have a strong reputation for providing our customers with quality, durable machines, so for us, representing the KOBELCO product line was a great fit and an easy choice,” states Jason McCluer, Operations Manager of Scott Equipment. “We’ve been a KOBELCO dealer for 13 years now and the decision to take on the KOBELCO line is still one we are very proud of to this day.

KOBELCO has long been recognized for its world class line of excavators in the 3,000 lb. to 180,000 lb. classes. By focusing on a single line of equipment and dedicating its research and development dollars to improving and enhancing this singular line, the company has become known as excavator perfectionists, ensuring they deliver excavators that can withstand the day-to-day rigors of demanding jobsites, while providing operators with all the production and comfort features required for a profitable days work.

The staff of Scott Equipment will be working closely with KOBELCO to gain the required sales and product support training to deliver on KOBELCO’s promise of customer satisfaction. Scott Equipment will provide professional sales and service support on all KOBELCO excavators from their Fontana, CA location.

KOBELCO Construction Machinery USA is dedicated to producing a full range of crawler excavators for the rental, landscape, construction, aggregate, roadbuilding, material handling, site preparation, recycling and ancillary markets, including zero tail swing, standard, long-reach and compact models. KOBELCO machines are well-known for their advanced technologies including an innovative noise and dust reduction system, advanced hydraulic circuitry for reduction of pressure loss and superior fuel efficiency.
