**KOBELCO Construction Machinery USA Designates  
SELCO Equipment Sales as New Brunswick and Prince Edward Island Dealer**

Houston, TX – KOBELCO Construction Machinery USA continues its forward momentum in the relaunch of its excavator line by expanding their dealership representation to include SELCO Equipment Sales Ltd. SELCO Equipment Sales will represent KOBELCO’s full line of excavators in New Brunswick and Prince Edward Island.

“My father Jack and I started servicing the construction equipment industry in New Brunswick with quality KOBELCO excavators in 1990,” states David Smith, President of SELCO Equipment Sales Ltd. “Twenty three years later, we are still proud to be working hard at it. We are excited to once again represent the genuine KOBELCO brand and look forward to many successful years to come.”

KOBELCO has long been recognized for its world class line of excavators in the 3,000 lb. to 180,000 lb. classes. By focusing on a single line of equipment and dedicating its research and development dollars to improving and enhancing this singular line, the company has become known as excavator perfectionists, ensuring they deliver excavators that can withstand the day-to-day rigors of demanding jobsites, while providing operators with all the production and comfort features required for a profitable days work.

The staff of SELCO Equipment Sales will be working closely with KOBELCO to gain the required sales and product support training to deliver on KOBELCO’s promise of customer satisfaction. SELCO

Equipment Sales will provide professional sales and service support on all KOBELCO excavators from their Island View, New Brunswick location.

KOBELCO Construction Machinery USA is dedicated to producing a full range of crawler excavators for the rental, landscape, construction, aggregate, roadbuilding, material handling, site preparation, recycling and ancillary markets, including zero tail swing, standard, long-reach and compact models. KOBELCO machines are well-known for their advanced technologies including an innovative noise and dust reduction system, advanced hydraulic circuitry for reduction of pressure loss and superior fuel efficiency.
