**KOBELCO Construction Machinery USA Designates
Westchester Tractor as Dealer in New York, Connecticut and Massachusetts**

Houston, TX – KOBELCO Construction Machinery USA continues its forward momentum in the relaunch of its excavator line by expanding their dealership representation to include Westchester Tractor of Brewster, NY. Westchester Tractor will represent KOBELCO’s full line of excavators in New York’s Hudson Valley, throughout Connecticut and in portions of Massachusetts.

“We are excited to continue our relationship with the world’s finest excavator manufacturer,” states John Apple, President of Westchester Tractor. “With a seasoned management team of veteran KOBELCO personnel, we are confident the company will return to providing the high levels of excellence it’s known for.”

KOBELCO has long been recognized for its world class line of excavators in the 3,000 lb. to 180,000 lb. classes. By focusing on a single line of equipment and dedicating its research and development dollars to improving and enhancing this singular line, the company has become known as excavator perfectionists, ensuring they deliver excavators that can withstand the day-to-day rigors of demanding jobsites, while providing operators with all the production and comfort features required for a profitable days work.

The staff of Westchester Tractor will be working closely with KOBELCO to gain the required sales and product support training to deliver on KOBELCO’s promise of customer satisfaction. Westchester

Tractor will provide professional sales and service support on all KOBELCO excavators from their Brewster, NY location.

KOBELCO Construction Machinery USA is dedicated to producing a full range of crawler excavators for the rental, landscape, construction, aggregate, roadbuilding, material handling, site preparation, recycling and ancillary markets, including zero tail swing, standard, long-reach and compact models. KOBELCO machines are well-known for their advanced technologies including an innovative noise and dust reduction system, advanced hydraulic circuitry for reduction of pressure loss and superior fuel efficiency.
