**KOBELCO Construction Machinery USA
Appoints Kris Bojarzin as Warranty Administrator**

Houston, TX –KOBELCO Construction Machinery USA is pleased to announce the appointment of Kris Bojarzin as the company’s Warranty Administrator. A skilled warranty management professional, Bojarzin brings to KOBELCO over 15 years of experience specific to the construction equipment industry.

In his new role, Bojarzin will be responsible for efficiently processing warranty claims. He will uphold KOBELCO’s commitment to first class customer service by maintaining positive customer and dealer relations and ensuring warranty repairs are completed properly and in a timely manner. In addition, Bojarzin will record and track critical repair data through KOBELCO’s warranty claim submissions to be utilized for future improvements of KOBELCO products.

As KOBELCO regains market share in North America, well-qualified personnel such as Bojarzin are critical to the company’s success. “Kris has a keen understanding of our obligation to keep our customers’ equipment fully operational,” states Seigo Ari, General Manager, Technical Services for KOBELCO. “His expertise and proven success in warranty administration will be vital in ensuring our customers experience the least amount of machine downtime possible.”

Prior to joining KOBELCO, Bojarzin held multiple Warranty Manager Positions with construction equipment companies including Briggs Construction Equipment and GS Construction Equipment. Most recently he served as the Warranty Manager of FCCS Corp in Orlando, FL.

KOBELCO Construction Machinery USA is dedicated to producing a full range of crawler excavators in the 3,000 lb. to 180,000 lb. classes for the rental, landscape, construction, aggregate, roadbuilding, material handling, site preparation, recycling and ancillary markets, including zero tail swing, standard, long-reach and compact models. KOBELCO is well-known worldwide as excavator perfectionists for its steadfast focus on improving and enhancing its singular line of products. KOBELCO machines are well-known for their advanced technologies, including an innovative noise and dust reduction system, advanced hydraulic circuitry for reduction of pressure loss and superior fuel efficiency.
