**KOBELCO Construction Machinery USA Names
Beauregard Equipment as Dealer in Maine, Vermont and New Hampshire**

Houston, TX – KOBELCO Construction Machinery USA continues its forward momentum in the relaunch of its excavator line by expanding their dealership representation to include Beauregard Equipment. Beauregard Equipment will represent KOBELCO’s full line of excavators in Maine, Vermont and New Hampshire.

“We chose to become a KOBELCO dealer over 28 years ago and it is a decision we continue to be proud of today,” states Carl Beauregard, President of Beauregard Equipment. “We strive to provide our customers with top of the line equipment and carrying the KOBELCO line has allowed us to do just that. We’re thrilled the genuine KOBELCO brand is back and we look forward to enhancing our relationship with the company.”

KOBELCO has long been recognized for its world class line of excavators in the 3,000 lb. to 180,000 lb. classes. By focusing on a single line of equipment and dedicating its research and development dollars to improving and enhancing this singular line, the company has become known as excavator perfectionists, ensuring they deliver excavators that can withstand the day-to-day rigors of demanding jobsites, while providing operators with all the production and comfort features required for a profitable days work.

The staff of Beauregard Equipment will be working closely with KOBELCO to gain the required sales and product support training to deliver on KOBELCO’s promise of customer satisfaction.

Beauregard Equipment will provide professional sales and service support on all KOBELCO excavators from their Bangor and Scarborough, ME, Colchester, VT and Concord, NH locations.

KOBELCO Construction Machinery USA is dedicated to producing a full range of crawler excavators for the rental, landscape, construction, aggregate, roadbuilding, material handling, site preparation, recycling and ancillary markets, including zero tail swing, standard, long-reach and compact models. KOBELCO machines are well-known for their advanced technologies including an innovative noise and dust reduction system, advanced hydraulic circuitry for reduction of pressure loss and superior fuel efficiency.
