**KOBELCO Construction Machinery USA Appoints
Longus Equipment as Dealer in Quebec**

Houston, TX – KOBELCO Construction Machinery USA continues its forward momentum in the relaunch of its excavator line by expanding their dealership representation to include Longus Equipment. Longus Equipment will represent KOBELCO’s full line of excavators in Quebec.

“We have been a KOBELCO dealer since 2000 and we are extremely proud to participate in the revival of the KOBELCO brand in North America,” states Daniel Riendeau, President of Longus Equipment. “We are proud to offer our Quebec customers the complete line of KOBELCO excavators, recognized for their high level of performance and durability.”

KOBELCO has long been recognized for its world class line of excavators in the 3,000 lb. to 180,000 lb. classes. By focusing on a single line of equipment and dedicating its research and development dollars to improving and enhancing this singular line, the company has become known as excavator perfectionists, ensuring they deliver excavators that can withstand the day-to-day rigors of demanding jobsites, while providing operators with all the production and comfort features required for a profitable days work.

The staff of Longus Equipment will be working closely with KOBELCO to continue to gain the required sales and product support training to deliver on KOBELCO’s promise of customer satisfaction. Longus Equipment will provide professional sales and service support on all KOBELCO excavators from their Montreal, Quebec, Rive Sud, and Estrie locations.

KOBELCO Construction Machinery USA is dedicated to producing a full range of crawler excavators for the rental, landscape, construction, aggregate, roadbuilding, material handling, site preparation, recycling and ancillary markets, including zero tail swing, standard, long-reach and compact models. KOBELCO machines are well-known for their advanced technologies including an innovative noise and dust reduction system, advanced hydraulic circuitry for reduction of pressure loss and superior fuel efficiency.
